

Proposal of a new V4Gen timeline with 2 calls – April 15 and November 15 (from 2025)

Note: The project implementation period consists of three distinct phases: preparation, implementation, and reporting. Note that this overall implementation timeframe should not be confused with the duration of individual project events.

1. April 15, 2025 deadline

- Applications are prepared and submitted: between March 1 and **April 15** (draft deadline is **April 1**).
- Evaluation of submitted projects/sending recommendations to V4 MFAs: by **May 17** (at latest)
- Results are announced: by **June 2, 2025**
- Precontractual steps deadline: **June 30, 2025**
- Earliest start of project implementation: **June 15**
- Latest start of project implementation: **September 15**
- Latest end of implementation: **April 15** (of the next year)

2. November 15, 2025 deadline

- Applications are prepared and submitted: between October 1 and **November 15** (draft deadline is **November 1**).
- Evaluation of submitted projects/sending recommendations to V4 MFAs: by **December 5** (at latest)
- Results are announced: by **January 2, 2026**
- Precontractual steps deadline: **February 2, 2026**
- Earliest start of project implementation: **January 15** (of the next year)
- Latest start of project implementation: **April 15** (of the next year)
- Latest end of implementation: **November 15** (of the next year)
